

M.A. & PH.D. IN HISTORY

Master of Arts

The M.A. program combines preparation in specific fields and training in the techniques of historical research and writing. It is designed both for teachers wishing to broaden their knowledge so as to improve the effectiveness of their classroom instruction and for those interested in advanced research and further graduate work.

Doctor of Philosophy

The Ph.D. program offers advanced professional training in the following areas of specialization: Canadian history, Modern European history, and United States history.

All courses for both degrees are offered in the evening in order to allow the participation of part-time as well as full-time students.

Admission and Residence Requirements

Applicants to the M.A. program are required to have an Honours B.A. in History or its equivalent and may be required to make up undergraduate deficiencies in a qualifying year. Applicants to the Ph.D. program are required to have an M.A. degree in History. The minimum residence requirements for full-time students are one calendar year for the M.A. degree and two calendar years, after the completion of the M.A., for the Ph.D. degree.

Financial Aid

In addition to the financial aid available from Canada Council and the Ministry of Education in the Province of Quebec, the University awards a number of graduate fellowships and offers several teaching assistantships in the Department of History valued at \$3,600 each.
